JANUARY/FEBRUARY 2015

HAPPY NEW YEAR!

It's all go in 2015, especially for me as I start the year by joining *PRO Hair & Beauty* as editor. It's an exciting time for the magazine, too, with lots of fresh new features and a dramatic digital makeover planned. Watch this space...

January and February can be a great time for beauty businesses to upgrade or try out new techniques or treatments. We look at the pros and cons of **natural v chemical treatments on page 26**, and how implementing change can **boost your business on page 58**. On **page 40**, we reveal the **top 10 essentials** you need for the new year – and give you the chance to win the lot!

As always, the magazine is packed with expert advice, emerging trends and the best buys in store and online. Get all this and more in every issue with our **brand new subscription offer on page 38** and have *PRO Hair & Beauty* delivered to your door the day it comes out. Subscribers get six issues for only £9.95/€13.75* plus a gorgeous skincare gift for the first 200 readers to sign up.

Most importantly, we want to hear from you. Tweet us your magazine highlights, favourite looks and trends, and tell us what you'd like to see more of. If you Instagram snaps of your best styles, nail art and beauty, tagging #PROHairBeauty, you might make it into the next issue yourself.
